

Homebuilder Electronic Submission of Permit Applications

Applications may be submitted for the following:

- Certified Models and Townhouse Certified Models
- Revisions to Certified Models
- Repeat Sitings from a Certified Model (single and semi-detached dwellings, townhomes)
- Custom Homes (single and semi-detached dwellings, townhomes)
- Revisions to Repeat Sitings and Custom Homes
- Resitings (previously issued permit where the model is being changed)

Please Note: Applications for stacked townhouses and live/work units are not available for online submissions and will require an in person appointment.

Please contact the Building Division at building.inquiries@brampton.ca for further information.

For Certified Model applications, [click here](#) to access the application form.

For Repeat Sitings applications, [click here](#) to access to addendum form. Additionally, Repeat Sitings and all other applications use the standard Application for a Permit to Construct or Demolish form and Schedule 1 forms.

HOW TO APPLY

Once the proposed submission has been verified, proceed to apply online:

1. Go to www.brampton.ca/Building
2. Complete the online form. Please see below for additional notes on making applications online.
3. Upload application forms and drawings under the appropriate 'Attachment Type' headings.
4. A maximum of 20 lots or one townhouse block per online submission.

General Submission Requirements:

- Documents are required to be submitted as a unprotected PDFs
- Maximum individual file size for upload is 50 MB (Note: Large file sizes may take a longer time to upload)
- Special characters in the file name, such as (&,%*#@!"?/:'), will cause the file upload to fail
- Please upload your required attachments with the following naming convention:
"Attachment Type"_"Plan Lot"
i.e. Permit Application_M 2053 Lot 12

What happens after I submit my application?

1. Your submission will be reviewed for accuracy and may be sent back to you to rework if changes are required.
2. Once the submission is approved, a bill will be sent through email to the applicant for each submission number.
3. Once payment has been received, your application will be reviewed for compliance with the Ontario Building Code and any other applicable laws.
4. During the review process you may be contacted by email to provide further information.
5. Once the review is completed, you will be contacted with your total of additional fees owing.
6. When your permit fees are paid in full your permit(s) will be issued.

BUILDING PERMIT APPLICATION:

Repeat Residential Homes:

- Please ensure all required fields of the "Application for a Permit to Construct or Demolish" are completed and the form is signed by the applicant.
- The description of work shall consist of the model name, elevation, and any options included with the dwelling.
- For revisions, please include the existing permit number and a detailed description of the revision(s) requested.

Certified Model Application:

- Please complete and upload the available Certified Model application form and include the fee calculation of the elevation with the largest GFA.
- On the second page of the Certified Model application, select the check boxes associated with the options that are included. The additional fees will be verified by the Plans Examiner as part of the plans review process.
- For Certified Model revisions, add the specific changes to the bottom of the second page of the certified model application under "other information" and disregard the fee calculation field.

Builder Custom Homes:

- For custom homes, the description of work should only read "Custom Home"
- For revisions, please include the existing permit number and a detailed description of the revision(s) requested.

Note: Please ensure that the entered gross floor areas are accurate to the second decimal place on all applications.

ARCHITECTURAL DRAWING SET:

- Include all available options/elevations, floor plans and details.
- Ensure Architectural Control stamp is provided on all elevations.
- Identify building height dimension to mid-point between the peak and the eave of the main roof
- Ensure garage door size is labelled.

FLOOR TRUSS PACKAGE:

- Not applicable where conventional framing is used.
- Separate layouts for each elevation, option, and floor level.
- If designer BCIN is on the layouts then include engineered certified component sheets.
- If the floor layouts are sealed by an Engineer, please include the related components sheets - the engineer certification on the individual component sheets is optional.

ROOF TRUSS PACKAGE: (CUSTOM HOMES AND CERTIFIED MODELS):

- Not applicable where conventional framing is used
- Separate layouts required for each elevation.
- If designer BCIN is on the layouts then a schedule one will be required when applying for affiliated repeats.
- If layouts are engineered then a schedule one is NOT required.

ROOF TRUSS PACKAGE: (TOWNHOUSE REPEATS):

- For townhouse submissions, roof truss packages are required at time of residential repeat submissions and are uploaded with the first unit of every block along with the block plans, siting and addendum form.

HVAC CALCULATION PACKAGE:

- HVAC Calculation attachments to include all HVAC information and details for each available option, when applicable.

PLUMBING DATA SHEET:

- Provide the 'Custom Home Water Pipe and Plumbing Data Sheet' form for all applicable elevations.

SCHEDULE ONE:

- For each individual repeat application, a Schedule 1 form is required for each BCIN registered designer involved in the permit submission. This includes the designer for the site plan, HVAC calculations, floor truss design, roof truss design, and house design.

SITE PLAN:

- A legible site plan must include grading review certification, architectural control review, designer information, split block and plan labeling and boundary (if applicable), all setbacks, elevation datum points, lot numbers, street names, adjacent properties, and a legend for all abbreviations.

ADDENDUMS:

- All submissions containing more than one application must include an addendum form.
- For repeat application submissions, please list the lot numbers with the affiliated model type and options in order from lowest lot number to highest lot number. A maximum of 20 lots or one townhouse block per online submission.

TOWNHOUSE BLOCK PLANS:

- The townhouse block plan, along with the roof truss package, site plan and addendum form, is required at time of residential repeat submissions and must be uploaded with the first unit of every block.

The block plan must include: All floor plans and elevations labelled with the model name, architectural control reviewed elevations, total building area calculation and designated firewall locations, and optional deck, balconies, lookout and walkout conditions, where applicable.

PARTY AND FIREWALL DETAILS:

- All details are required at time of residential repeat submissions and must be uploaded with the first unit of every block and must include:
 - Connection details and specifications showing conformance of fire separations and insulation requirements for STC ratings.
 - Assembly details for all intersecting wall conditions in plan view, including intersecting condition for back-to-back units.
- All firewall details certified by a professional engineer.
- Where separated by a firewall, clearly illustrate that any combustible projections on the exterior of one building conforms to the separation requirements to combustible projections and openings of the adjacent building, if applicable.

OTHER NOTES:

- For site plan projects please provide one full site plan with the necessary Architectural Control stamp, the site plan assigned Planners stamp and the Development Engineering stamp. If there is a separate grading sheet then the Development Engineering stamp will be required on that sheet only.
- For revisions to add rear and/or side, corner upgrades, the elevations must have Architectural Control review.
- For revisions under "Project Value est. \$" on the application form, please enter 0 unless increased cost of work. For revisions under "Area of Work" on the application form, please enter 0 unless increased GFA.

Important notes for Application Package:

- Provide the standard Application for a Permit to Construct or Demolish form, Schedule 1's (where applicable) and Applicable Law Checklist forms.

Important notes for HVAC Drawings/Calculations:

- HVAC Calculation attachments to include all HVAC information and details for each available option, when applicable.

*** Revisions:**
The application form is required along with any supporting documents for the building permit review.

Important notes for Plumbing Drawings:

- Provide the 'Custom Home Water Pipe and Plumbing Data Sheet' form for all applicable elevations.

Important notes for Roof Truss Drawings:

- Not applicable where conventional framing is used
- Provide the floor truss layouts for each floor plan.
- If designer BCIN is on the layouts then a schedule one will be required when applying for affiliated repeats. If layouts are engineered then a schedule one is NOT required.
- Townhouse applications: the roof plan may be submitted with the repeat application.

Repeat
Continued on Page 9 and 10

Important notes for Solicitor's Confirmation:

- Registered Plan Number(s) must be put on Solicitor's form.
- All lots and blocks applying for are listed.
- Ensure owner's name is on the solicitor's letter and is the same as the owner name on all applications. If an Owner is listed under Beneficial Owner this is the name to be used on all applications.
- Split Block: All blocks and MPlans have to be included on a solicitor's form.

Important notes for Addendum Forms:

- All submissions with more than one application shall have an addendum included.
- For repeat applications list the lots with the affiliated models and options in order from lowest lot number to highest lot number, maximum 20 lots or one townhouse block per online submission.

Production Home Builder Application Type* Repeat	Builder Name* <input type="text"/>

Submitting Your Application

Click these 2 buttons once you have declared and agreed to the information shown.

* By checking this box, I do declare THAT

- the statements made and the information provided herein are true and correct and are made and provided with full knowledge of the circumstances relating to these actions.
- until receipt of the notice of acceptance of this application as being complete from the City of Brampton, the time period prescribed in OBC Division C, Table 1.3.1.3. Column 3 for notification of issuance or refusal of a permit does not apply.
- this declaration satisfies the notification requirements set out in OBC Division C Sentence 1.3.1.3.(6)

* By checking this box, I agree THAT

The City has a policy with respect to proactive disclosure of records (including open government and open data initiatives) which:

- Indicates that any documents that the creator claims are subject to copyright, must be clearly stamped as such, indicating their name, date and the purpose for which the document was prepared and;
- That a copyright stamp on a record does not mean that the municipality will not disclose it; it merely indicates that once disclosed, the recipient is limited in how and for what purposes they may use and disclose it because it remains subject to the creator's copyright claim.
